

FYP Logbook Entry Sheet

Meeting No: 01

Date: 29th September, 2024

Start Time: 02:00 PM

End Time: 04:00 PM

Items Discussed:

1. Presented and reviewed project idea.
2. Shared main features.
3. Incorporated supervisor's input, including AI integration.
4. Proposed solutions for real-world problems.

Achievements:

The discussion provided valuable insights into how AI could enhance the project and highlighted areas that required more attention. The supervisor offered guidance to narrow the scope of features, ensuring the focus remained on the most critical aspects to make the project more impactful.

Problems:

Challenges were faced in deciding which features to include, with particular uncertainty experienced regarding the implementation of AI and real-time functionalities.

Tasks for Next Meeting:

1. Researching thoroughly to make the project unique.
2. Planning how to implement key features effectively.
